Solo show

After a gap of six years, artist Jaideep Mehrotra will be showcasing his works with a solo show in Mumbai entitled 'Reflections in Mercury'. His latest technique is a culmination of many years of research, experimentation and exploration. At first glance, it seems like liquid metal has been dripped on the works, but upon closer

inspection it is clear the base is canvas; this creates a stunning look. A combination of metal, paint and various mixed

media come together to form these intriguing, highly reflective, metallic works. From 23rd September to 22nd October 2017, at the Tao Art Gallery, Mumbai.
